## Bagel Jay's Story

According to legend, a Viennese baker created the very first bagel in honor of King John Sobieski of Poland, because the king reportedly saved Vienna from the Turkish invasion in 1683. The traditional water bagel arrived on American shores in the early 20th century, when Jews fled Austria, Germany and Poland.

In 1976, Jay Gershberg and his brother brought NY Bagels to Buffalo and took the market by storm, serving customers at two dozen Bagel Bros locations throughout the region and outside the area, before the chain was purchased by Manhattan Bagel in 2000.

Jay created the Bagel Jay's brand in 2001 and partnered with Tom O'Hara, area manager of the original chain, to bring Bagels back to Dash's and Marshall's Plaza.

After a sixteen-year hiatus, Jay is returning to Snyder Square and is thrilled to once again serve his long-time loyal customers!

Remember how bagels used to taste? That's what you'll taste today in every bite at Bagel Jay's—consistently delicious deli favorites, fresh-baked bagels, signature tuna fish and homemade cream cheese shmears, the way they're supposed to be. Offering sandwiches, soups, salads, the finest dark roasted coffees and more. Stop in and see what you've been missing!
